The Director of Central Intelligence
Washington, D.C. 20505

Critical Intelligence Problems Committee

5 November 1984
DDW-87

WEEKLY ACTIVITIES AND STATUS REPORT FOR THE DD/ICS--6 November 1984

CIPC Organizational Activities

- We have completed revising the CBW and China Studies. We are presently developing a package for your signature, forwarding these studies to the DCI and DDCI, with a recommendation that the studies be tabled at a future NFIC meeting.
 - The DCI has not yet approved the BMD Study that we forwarded to him on 12 October.
- The next CIPC meeting is tentatively scheduled for 26 November at 1500 hours. However, at the current pace, the potential agenda items may not be ready for CIPC review--Narcotics, Cruise Missile, Terrorism, Combat Intelligence Analysis. We could revisit the Collection Strategy Evaluation Concept, but it may be premature to do so.

25X1

● Personnel:

- [] is scheduled for polygraph on 7/8 November--all appears on track.

25X1

- []

25X1

Mobile Missile Study: []

25X1

- Eight panel members traveled to Offutt AFB last week to receive briefings and participate in discussions []

~~TOP SECRET~~

25X1

25X1

- This visit was in conjunction with the Air Force Scientific Advisory Board, [REDACTED]

- The briefings were uniformly excellent and the interchanges of observations and opinions between participants were informative and stimulating. Believe the trip was useful to all concerned.

25X1

International Terrorism: [REDACTED]

- The first inputs are due from the reconstituted Terrorism Working Group on Friday, 9 November. Based on comments [REDACTED] has picked up from various members, their primary objective will be to press for the additional resources already identified in the DCI's response to NSDD-138.

2
TOP SECRET

Cruise Missile Study:

- Detailed inputs on progress have been received from all entities charged with action in the CIPC Soviet Strategic Cruise Missile Study one year ago. CIPC staff (including the Chairman of the Cruise Missile Working Group) are now working on the draft of a 10-page status report which will provide:
 - Historical perspective on problem.
 - Detailed summary of progress made toward solution.
 - Note of areas where need for action remains.
 - Summary and conclusion that working group task is complete.
- The next staff meeting on this subject is scheduled for Tuesday, 13 November 84.

25X1

Combat Intelligence Analysis: [redacted]

25X1

- Army and Navy plan to notify us of their designated representatives on 7 November. As soon as they are received, we plan to call a meeting to review the TOR and set an agenda.

25X1

Narcotics Activities: [redacted]

25X1

- [redacted] are putting the final touches on the narcotics study paper. It should be ready for CIPC staff review by the end of the week.

25X1

CBW Activities: [redacted]

25X1

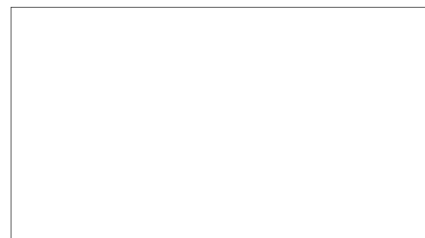

- The fourth meeting of the CBW Subcommittee was held on 6 November; representatives from AFMIC And FSTC presented discussions on their agencies' CBW activities, resources, and problems.
- On 19 November, the Subcommittee will travel to the Chemical Research and Development Center at Edgewood, Maryland.
- In addition, [redacted] has developed a schedule for the Subcommittee's activities for the next six months (attached).
